Experience

OpusFesta
Software Engineer
May 2026 - Present (5 months)
Dar es Salaam, Tanzania

Working as a Software Developer at OpusFesta, a dedicated wedding planning platform in Tanzania that helps couples plan, celebrate, and preserve their special moments by connecting them with trusted vendors, planning tools, and wedding inspiration in one place. Looking forward to learn more on next.js, typescript and supabase

KING EMPIRE
Entertainment manager and web developer
April 2025 - Present (1 year 6 months)
Dar es Salaam, Tanzania

I am an entertainment manager and Full stack developer at KING EMPIRE. KING EMPIRE is a leading event hosting organization specializing in creating extraordinary nightclub experiences. We bring together top-tier artists from all over the world and create unforgettable nights that resonate with music lovers and party enthusiasts.

Amani warehouse limited
Web Developer

May 2025 - May 2026 (1 year 1 month)

Dar es Salaam, Tanzania

I specialize in designing and maintaining websites within a warehouse environment, ensuring smooth digital operations that support logistics and customer interaction. My role includes creating user-friendly interfaces, updating web content, optimizing performance, and aligning the site with our business goals. I bring digital efficiency to a traditionally physical space, helping bridge the gap between operations and online presence.
